**SUPPLY TRAIN ATTACKED- No. 8**  
 Lumbering along the road goes the heavy supply train of trucks loaded with materials for the front line forces. Ammunition, food, clothing, hospital supplies, boots, belts, bedding for the combat sector. Out of the blue with the zoom of a hornet, enemy dive bombers seek to destroy the supply trucks and have scored hits by flying low. Into action goes a tank which was convoying the supply train and ready for just such an emergency. At such short range they will make quick work of disposing of this menace from the sky.
